

Director/Principal

Subject: Call for Research Papers

We are privileged to introduce ourselves at Dronacharya College of Engineering, Greater Noida, which was established in 2006 by Smt. Anguri Devi Charitable Trust. It offers B.Tech, MBA and MCA Courses.

We use instructional tools and strategies to catalyse and support excellence in teaching and learning. Our focus is on quality education and innovation. To broaden the technical horizon of our Faculty as well as students, we are regularly conducting national-level conferences/seminars/workshops etc. Besides this, we are developing closer industry-institute interactions and creating the spirit of entrepreneurship among our students.

We are now launching a bi-annual research journal, viz., *International Journal of Engineering Sciences and Management*. The first issue of this journal is coming out shortly. Our journal is supported by an Editorial Board comprising of renowned experts.

We shall be greatly obliged if the Faculty members of your Institute contribute their research papers for consideration of publication in this Journal.

The last date for receipt of the manuscripts is **Dec 31, 2010**.

With regards

Prof (Dr) Jai Paul Dudeja
Executive Editor,
International Journal of Engineering Sciences and Management,
Advisor (Research & Development)
