

Awakening roll calls... rocking fests... scary exams and...

.....Shelters in canteen

It's time to revive memories and enjoy the nostalgia

Dear Engineers/Managers,

You left the college and attained the heights, spreading the name and fame of the college, the institute always remembers you and wants to fill the vacant space created in our hearts when you left.

To refill this space the college wants to invite you down the memory lane on the eve of 20th Nov 2010 for the alumni meet at the lush green campus of IMS Engineering College, Ghaziabad sharp at 5:30 pm followed by the dinner.

The relationship between College and Alumni is inevitable and similar to that of a child and family. To nurture this relationship, we have made all efforts to make this evening special, it would be a great pleasure for us to have your valuable presence which would help in strengthening the bond between IMSEC and IMSECians.

We are providing with dropping transport facilities for the alumni. Please click for the [route map](#).

Regards

IMS Family
